

# wriggleCONNECT

Wriggle Connect is a project management tool designed to support schools with the building and implementation of their Digital Learning Plan. The Wriggle Connect platform will:

Help schools to define their vision, current strategies and future plans for teaching and learning that are aligned to the Digital Learning Framework (DLF).

Provide schools with custom-made resources, templates and content to build a successful Digital Learning Plan.

Give principals and school leaders the ability to effectively build and manage their Digital Learning Plan on a day-to-day basis.

**€99\***  
per month

**Press for report**
